MOTOR YACHT

LADY RINA

LADY RINA, formerly known as **ANDREA**, is a 36.7-meter motor yacht built by the esteemed Italian shipyard **Baglietto** in 1987. Designed by the renowned architect Stefano Righini, she underwent a refit in 2022, blending timeless elegance with modern technical features.

The yacht accommodates up to 12 guests in six spacious cabins located on the lower deck. Each cabin is equipped with an en-suite bathroom, air conditioning, a television, a safe, and ample storage space. The layout includes a master suite, two VIP cabins, a guest cabin, and two cabins with Pullman beds, offering added flexibility for accommodations.

The main salon features a generous seating area for 12 guests, complemented by a handcrafted bar and a state-of-the-art entertainment system. A separate dining area in the forward section provides an elegant space for formal meals.

Outdoor areas are designed for relaxation and socializing. The aft deck offers alfresco dining, while the sundeck includes a jacuzzi, sun loungers, and a comfortable lounge area. The bridge deck provides additional dining space and a gym for active guests.

Powered by twin 2380 hp MTU engines, **LADY RINA** cruises at 14 knots and reaches a top speed of 22 knots. Her steel hull and updated safety systems ensure a smooth and secure journey.

For recreation, the yacht boasts an excellent selection of water toys, including a 5.3-meter Commodore Prestige tender with a 130 hp Yamaha engine, two Sea-Doo Spark jet skis, adult and child water skis, towable inflatables, kayaks, paddleboards, and snorkeling gear.

A professional and attentive crew of six delivers exceptional service, ensuring every guest enjoys an unforgettable experience. **LADY RINA** combines classic charm, modern comfort, and a spirit of adventure, offering a truly remarkable voyage.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
