RUNNING ON WAVES

RUNNING ON WAVES is a striking 64-metre sailing yacht that blends the timeless charm of a tall ship with 21st-century engineering and design. Her shallow draft, comparable to that of a much smaller yacht, allows her to access shallow harbours while maintaining the stability and comfort of a true ocean cruiser.

She accommodates up to 42 guests across 18 cabins, divided into four categories: Mini Suites, Premium, Standard, and Economy. Each cabin features climate control, a modern infotainment system, and real-time navigational data, offering a comfortable and immersive onboard experience.

One of **RUNNING ON WAVES'** standout features is her expansive open teak deck, offering three times more open space per guest than comparable vessels. At the bow, guests can unwind in a three-metre-deep jacuzzi, while the stern features a relaxation area and massage room. The bow observation platform, situated above the bowsprit, delivers breathtaking, unobstructed views — creating the thrilling sensation of flying over the sea.

The open deck layout includes ample shaded lounges and social areas, ideal for dining, sunbathing, or simply taking in the panoramic ocean vistas.

Designed with an active lifestyle in mind, **RUNNING ON WAVES** offers a wide array of water toys and sports equipment, including water skis, kayaks, windsurfers, a water slide, and snorkelling gear. Two tenders — a 6.7m Arimar and a 4.75m Viking — are available for island-hopping and guest transfers.

Whether cruising the Greek islands or exploring secluded coves, **RUNNING ON WAVES** delivers a unique blend of sailing elegance, comfort, and adventure in a yacht charter experience unlike any other.

DESTINATIONS

CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

DESTINATIONS

GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
