## VESTA

**VESTA** is a 27-metre **Azimut Grande** yacht, launched in 2023 and designed for those who wish to explore the Mediterranean in style and comfort. With her bold exterior by Stefano Righini, **VESTA** features clean lines, striking window geometry, and dynamic contours that ensure she makes a lasting impression wherever she cruises. The expansive flybridge invites relaxation with panoramic views, offering an alfresco dining area, a bar, a generous lounge space, and a retractable hardtop for shade. Forward, a sunbathing area and bow lounge provide a tranquil retreat for soaking up the sun or enjoying a quiet cocktail.

Inside, Salvagni Architetti's refined interior design combines neutral tones, bespoke furnishings, and floor-to-ceiling windows to create an open, elegant atmosphere. The full-beam master suite is located forward on the main deck and features a large ensuite bathroom with double vanities and a walk-in shower. The lower deck hosts two VIP cabins and two guest cabins, each with ensuite bathrooms, ensuring a versatile layout for families or mixed charter groups.

Despite her compact size, **VESTA** is equipped like a much larger yacht, offering zero-speed stabilisers, Starlink WiFi, climate control, a fitness area, and an impressive selection of water toys. These include a Williams 445 tender, wakeboards, towables, surfboards, water skis, snorkelling gear, and two brand-new Seabobs for fun on the water.

With a cruising speed of 21 knots and a top speed of 27 knots, **VESTA** ensures swift and smooth passages between Mediterranean hotspots — making her the perfect charter platform for those who value performance, comfort, and contemporary luxury.

# DESTINATIONS

## GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...
