# SUNRAYS

**SUNRAYS** is an impressive 85.5-meter motor superyacht built by renowned Dutch shipyard **Oceanco** and delivered in 2010. A fully custom project, she features striking exterior lines by Bjorn Johansson Design and a sophisticated interior by Terence Disdale Design. In 2025, **SUNRAYS** completed a comprehensive refit that included major upgrades to both her interior styling and technical systems. Constructed with a steel hull and aluminum superstructure, she is equipped with Rolls-Royce zero-speed stabilizers for maximum comfort. **SUNRAYS** cruises comfortably at 14 knots, reaches a top speed of 20 knots, and offers an impressive transoceanic range of up to 7,850 nautical miles at 12 knots.

Guest accommodation is provided for up to 12 guests in nine staterooms, including a magnificent master suite on the bridge deck with panoramic views and a private terrace. Three VIP suites, two double cabins, and two single cabins are located on the main deck, offering a rare combination of space and flexibility. A highly experienced crew of 29 is accommodated in separate crew quarters, ensuring outstanding service and seamless operations.

Interior spaces are expansive and refined. Highlights include a main salon with aft-facing views, a formal dining room, and a sky lounge cinema. A glass guest elevator connects all decks, while the wellness area features a spa with steam room, massage suite, beauty salon, and a gym with panoramic glazing.

Outdoor amenities are equally impressive, with a pool on the main deck, an oval Jacuzzi on the sundeck, generous alfresco dining and lounge areas, a certified helipad aft on the sundeck (suitable for an AW109), and a beach club with direct access to the water.

**SUNRAYS** is fully outfitted for watersports and recreation, boasting an exceptional toy garage that includes a waterslide, Yamaha Jet Skis, Seabobs, SUPs, wakeboards, waterskis, snorkeling ...

# DESTINATIONS

## CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

# DESTINATIONS

## GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...

# DESTINATIONS

## TURKEY

A typical day on a private yacht in Turkey is as much about water activities as it is about endless coastal walks. Look around and you'll find extraordinary stone slabs of cliffs on steep, winding shores, sleepy hilltop villages and ancient ruins - relics of mighty empires - living out their days in the dense coastal vegetation. Boat transitions between islands can be short, giving you the opportunity to enjoy peaceful morning wakes and lazy strolls around the islands and small villages. And if the hiking proves to be too much, you can re-board and relax in the shade on the deck of your yacht. Turkey is a country with a rather hot climate, during the summer season, from June to August, temperatures can rise above 40°C, however, May, September and October are the most pleasant months for chartering in this region, the temperature drops to around 20-25°C and you can comfortably enjoy your trip.
