# TELEOST

**TELEOST** is a 49-meter motor yacht built by the prestigious Dutch shipyard **Feadship** in 1998, with exterior and naval architecture by De Voogt Naval Architects.

Constructed with a displacement steel hull, **TELEOST** is known for her robust build, excellent seakeeping, and timeless elegance. She has been consistently maintained and underwent a comprehensive \$10 million refit in 2023, which included a full repaint, refreshed interiors, new generators, upgraded audiovisual systems, and the installation of Starlink satellite internet.

The yacht accommodates up to 12 guests in five spacious cabins. The full-beam master suite is located on the main deck and features a private lounge and a bathroom with a jacuzzi tub. On the lower deck, there are two generous VIP cabins and two twin cabins, each with additional Pullman berths for flexible sleeping arrangements. All guest cabins have en-suite bathrooms and entertainment systems. The interior, designed by John Munford, is styled in a classic nautical theme, with warm mahogany paneling and neutral-toned textiles.

**TELEOST** offers a variety of indoor and outdoor spaces for socializing and relaxation. The main salon includes comfortable seating and a formal dining table for 12, while the sky lounge on the upper deck features a bar and karaoke setup. The exterior decks provide shaded dining areas, a sun deck with a jacuzzi and sun loungers, an extended swim platform, and inviting aft lounges.

Powered by twin Caterpillar diesel engines, the yacht cruises comfortably at 11 knots with a range of up to 4,600 nautical miles. Stabilizers enhance guest comfort both underway and at anchor.

A wide array of water toys is available, including eFoils, jet skis, Seabobs, stand-up paddleboards, kayaks, towable inflatables, a five-meter inflatable water slide, and a full diving setup with Nitrox capability. **TELEOST** is also equipped with two tenders, a 7...
