## BLACK PEARL

**BLACK PEARL** is a 105-meter sailing superyacht built by **Oceanco** and delivered to her owner in 2018. Created in collaboration with Dykstra Naval Architects and Ken Freivokh Design, she is widely regarded as one of the most advanced and innovative sailing yachts in the world. Her DynaRig sail system spans approximately 2,900 square meters and allows for efficient long-range sailing with a minimal crew. Accommodation is available for up to 12 guests in five staterooms, including a full-beam owner's suite, two VIP cabins, and two guest cabins on the lower deck. A crew of 26 ensures a high level of professional service and technical operation. The interiors reflect a classic style, featuring fine woods, silk fabrics, and custom decorative detailing. Main guest areas include a grand main salon, a dining room with fold-out balconies, and a versatile spa area on the lower deck. Amenities on board include both indoor and outdoor cinemas, a gym, sauna, hammam, massage room, and a fully equipped beach club with direct sea access. The exterior deck layout offers a convertible swimming pool that transforms into a dance floor, and a sun deck with panoramic lounging areas.

**BLACK PEARL** features a hybrid propulsion system with regenerative energy capabilities. While sailing, her controllable pitch propellers generate electricity, significantly reducing fuel consumption and CO<sub>2</sub> emissions.

The yacht carries multiple tenders, including a 10.4-meter Pascoe limousine tender, a 9.8-meter Beachlander, and a 5.65-meter Williams open tender. Her toy selection includes jet skis, Seabobs, SUP boards, and a variety of water sports gear.

**BLACK PEARL** is a benchmark for sustainable, high-tech yacht building and has received multiple international awards for design, innovation, and environmental performance.

# DESTINATIONS

## CROATIA

Embark on a journey of unparalleled beauty in Croatia! Picture yourself sailing along the stunning Adriatic coastline, exploring hidden gems like Diocletian's Palace in Split. With crystal-clear waters, charming villages, and a rich history, Croatia is a dream destination for yacht charters. Indulge in the Mediterranean sun and create unforgettable memories on the open seas. Your Croatian yacht charter adventure awaits!

While Croatia enjoys a Mediterranean climate, the warmest period is during the European summer (July-August). However, booking a yacht charter in Croatia during the shoulder seasons (May-June or September-October) still provides warm weather for swimming in the Adriatic's crystal-clear waters, minus the peak tourist crowds.

# DESTINATIONS

## GREECE

Greece, a land of fabulous beauty, remains one of the world's most popular travel destinations and has almost 15,000 kilometers of coastline and over 2,000 islands, of which only 170 are inhabited.

There is no better way to explore the beauty of the Greek islands and the coastline of mainland Greece than on a private yacht. By chartering a yacht, you can see unique landscapes and experience the culture of several islands in a short period of time. Some of the islands have airports, making it possible to get to the yacht fairly quickly. The islands are close to each other, and the term "island-hopping" is used here for a reason. You can easily visit a dozen islands during a short cruise, explore isolated beaches with their unique local culture and taste the freshest national food.

Greece has over 250 days of sunshine a year and a typical Mediterranean climate with hot, dry summers. The peak cruising season is the summer from June to August, however, May, Sep...

# DESTINATIONS

## MALTA

The archipelago's secluded bays, warm waters and uninhabited islands are perfect for a private yacht vacation. As you enter Valletta's stunning harbor, you'll be greeted by a fortress shining gold in the Maltese sunshine. Explore the caves and rock formations of Gozo, swim to the Blue Grotto before sunrise or dock in Marsaxlokk harbor among the colorful fishing boats. On land, the islands are full of historical and cultural heritage - see the incredible design of St. John's Cathedral, which rivals the Sistine Chapel, the ancient ruins of Hagar Kim Temple, and dine on delicious fresh lampukas and other local specialties.

Malta is a wonderful year-round destination. The sun shines almost all year round and the average water temperature is around 25°C, although rain is common in November and December.
