B88

The **B88** is a unique boat - its length is just under 24 meters according to the classification society RINA. With a length of 23.85 meters, her dimensions are officially recognized by MGN 280 as "Small Commercial Vessel". Given the configuration of the **B88** superyacht, she may just be the perfect vessel for charter.

Over 177 m² of interior space, approximately 43 m² of crew accommodation and almost 128 m² of technical spaces ensure that all 10 guests will have plenty of room for entertainment and relaxation, and if necessary, privacy. The crew of 5 will benefit from spacious spaces for work and relaxation.

A displacement of 225 metric tons provides the **B88** with enough fuel storage space for a fully autonomous voyage of 5,000 nautical miles at a cruising speed of 8.5 knots.
