MOTOR YACHT

AB 80

The 25-meter **AB 80** is designed for discerning owners, embodying luxury with a perfect blend of speed, safety, and comfort. Its sporty design is complemented by a layout that offers seamless transitions between indoor and outdoor spaces, making the yacht feel larger than its actual size. The main salon opens to a spacious cockpit with a generous dining area and large sun loungers. The flybridge features a unique "open roof" concept, ideal for dining under the stars or enjoying a secluded, sunlit retreat.

With an overall length of 25.20 meters and a beam of 6.50 meters, the **AB 80** maximizes space and volume. A shallow draft of 1.30 meters allows easy access to shallow waters. The yacht is equipped with a 9,500-liter fuel tank and a 2,000-liter water tank.

Fast, elegant, and innovative, the **AB 80** is packed with amenities and delivers exceptional performance. Powered by three MAN V12-2000 engines, each generating 2000 horsepower (1471 kW at 2300 RPM), and featuring three MJP waterjets and a SEAKEEPER 18 stabilization system, the yacht reaches a top speed of 55 knots and cruises comfortably at 49 knots, with a range of approximately 500 nautical miles.

Combining timeless elegance with modern innovation, the **AB 80** sets new standards in luxury yachting.
