## PLVS VLTRA

**PLVS VLTRA** is a 74-metre motor yacht built by **Amels** for long-range cruising in exceptional comfort. Her elegant exterior is the work of Tim Heywood, while the interior was designed by Winch Design. Following a major refit in 2024, the yacht is in outstanding technical and visual condition.

She is designed for both private living and entertaining, with a dedicated owner's deck offering sweeping views of the sea. Two VIP suites are located on the main deck, while three additional guest cabins are situated on the lower deck, accommodating up to 12 guests in total. The crew of 19 is housed in eleven cabins, ensuring a high standard of service throughout the voyage.

At the heart of the yacht, a full-beam spa features a hammam, massage room, and a sea-level Jacuzzi with direct access to the water. The main deck aft includes a pool and a large swim platform, while the upper deck offers an open-air cinema for alfresco movie nights.

Powered by twin Caterpillar 3516C engines, **PLVS VLTRA** cruises comfortably at 12.5 knots and offers a range of up to 5,000 nautical miles. Her hull is constructed in steel with an aluminium superstructure, and stabilisers enhance comfort both underway and at anchor.

**PLVS VLTRA** is ideal for an owner seeking a well-balanced yacht with refined layout, proven engineering, and true readiness for global exploration.
