## SERENITY IV

**SERENITY IV** is a 27.6-metre **Sanlorenzo** motor yacht built in 2014, combining Italian design flair with a smart, guest-friendly layout. Her beige hull harmonises elegantly with the white superstructure and expansive teak decks, while her shallow draft of just 1.82 m allows access to secluded bays.

Powered by twin MTU 10V 2000 M72 engines (1,224 hp each), she cruises comfortably between 11–17 knots and boasts a range of up to 1,728 nautical miles at 11.8 knots. Zero-speed stabilisers and a hydraulic bow thruster ensure smooth passages and precise manoeuvring. Power is supplied by twin Kohler generators, battery banks and an integrated yacht management system.

Accommodation is for up to nine guests: a full-beam master suite on the main deck, two VIP cabins on the lower deck, plus one twin and one single cabin. Crew quarters are separate to ensure privacy. Interiors are equipped with premium Miele and Gaggenau appliances, including a wine cooler; the flybridge also features a mini fridge and ice maker.

Entertainment systems include KVH satellite TV, Sonos and Bose audio, Apple TV, Blu-ray players and televisions in every cabin. Navigation is supported by Simrad autopilot, radar, chartplotters, GPS and dual VHF radios.

On deck, equipment includes twin 240 kg anchors, Lewmar winches, Lofrans capstans, a Besenzoni passerelle and a hydraulic tender-launch system. Her water toys package features a Williams 435 SportJet tender and a Yamaha EXR jet ski.

**SERENITY IV** has been regularly maintained and underwent a full series of refits including new carpets, curtains, mattresses, upgraded helm electronics, an engine room overhaul, new saloon flooring and upholstery, black-crystal dining tables and stabiliser servicing - making her turnkey-ready for extended cruising.
