MOTOR YACHT

LADY ALINA

LADY ALINA is a **Sanlorenzo SD92** motor yacht built in 2011 and comprehensively refitted in 2024. She blends the timeless semi-displacement SD hull architecture with spacious living areas designed for extended stays on the water.

A standout feature for a yacht of her size, the full-beam master suite is located on the main deck and benefits from panoramic windows, a private bathroom and a walk-in wardrobe. On the lower deck, accommodation comprises two VIP cabins and two guest cabins with twin beds. Separate crew quarters for four ensure discreet service and guest privacy.

Her exterior spaces offer a variety of relaxation areas including a large swim platform for easy access to the sea, a shaded dining area in the cockpit, sunpads on the foredeck and a comfortable flybridge lounge.

Powered by twin MAN V12 diesel engines of 1,200 hp each, **LADY ALINA** cruises at 15 knots and reaches a top speed of 18 knots, with a range of up to 1,500 nautical miles. Following her recent refit, she is in excellent technical condition and turnkey-ready for her next owner.
