MOTOR YACHT

27XP

NUMARINE 27XP is a 27-metre expedition yacht designed for long-range cruising and luxurious onboard living. This model perfectly balances the functionality of an explorer vessel with the comfort and design sophistication of a modern superyacht. Every detail has been carefully considered to enhance life at sea. The raised foredeck lounge offers panoramic views and sunbeds for relaxation, while the spacious flybridge provides ample room for alfresco dining and sunbathing. The foredeck features an additional seating and sunbathing area, ideal for enjoying time outdoors in privacy.

The yacht is available in two layout options — with four or five cabins. The five-cabin configuration includes a VIP suite on the main deck, a rare feature for a yacht of this size. On the lower deck, the full-beam master suite features a walk-in wardrobe and a generous en-suite bathroom, accompanied by two or three guest cabins, each with private facilities.

Built to CE Category A standards, the **27XP** is engineered for safety and stability in all sea conditions. Powered by twin MAN D2676 LE 438 engines (560 hp each), she reaches a top speed of 13.5 knots and a cruising speed of 12 knots. At an economical speed of 8 knots, her range extends to 2,200 nautical miles, allowing effortless exploration without frequent refuelling.

NUMARINE 27XP embodies the essence of autonomy, efficiency, and luxury, offering a refined experience for owners seeking long-range adventure in complete comfort.
