## FAST TOY

**FAST TOY** — a 19.2-metre **Tecnomar Lamborghini 63** yacht, launched in 2023, perfectly blends Lamborghini's iconic sporty design with cutting-edge marine technology and outstanding performance.

The full carbon fiber hull reduces weight to just 42 tons, delivering exceptional agility, precise handling, and unparalleled responsiveness. Powered by twin MAN V12 engines of 2000 hp each, **FAST TOY** achieves a top speed of 63 knots and cruises comfortably at 40 knots, offering the thrill of a supercar experience on water.

Its exterior design mirrors **Lamborghini's** aerodynamic language — sharp angles, sleek silhouettes, and aggressive lines. The interior features premium Italian materials, emphasizing comfort, luxury, and functionality. Outdoor areas include sunbathing zones and lounging spaces, while the cockpit and open decks are designed for convenience and safety at high speeds.

The lower deck accommodates two cabins for four guests, styled with contemporary décor and high-end finishes. For water activities, the yacht comes equipped with two **Lamborghini Edition Seabobs**, enhancing the ultimate fun-on-the-water experience.

**FAST TOY** is the ultimate expression of speed, luxury, and Italian design, delivering a unique superyacht experience for enthusiasts of both performance and style.
