MOTOR YACHT

WHITE KNIGHT

WHITE KNIGHT is a 39.6-meter motor yacht, built by **Maiora Yachts** in 2008 and extensively refitted between 2021 and 2023. Powered by twin MTU 16V 4000 M90 engines of 3,650 hp each, the **Maiora 39DP** reaches a maximum speed of 26 knots and a cruising speed of 20 knots, with a range of up to 1,000 nautical miles. The Rodriguez/Marine System SMS-2125 stabilizers ensure smooth cruising both underway and at anchor.

Accommodation is provided for 12 guests across six cabins, including a full-beam master suite, a VIP stateroom, two double cabins, and two twin cabins with Pullman berths. The crew quarters house eight crew members in four cabins, ensuring excellent service and privacy.

During the 2021–2023 refit, the yacht underwent complete servicing of engines and generators, upgrades to navigation and communication systems, and installation of 5G internet, a new multimedia system, and a GMDSS A2 suite. Additional improvements include renewed interiors and exterior coatings, modernized stabilizers and thrusters, and upgraded air-conditioning. The exterior received new LED lighting, underwater lights, and a refreshed hull polish and stern repaint.

Technical equipment includes two ONAN generators (45 kW each), an emergency generator (22.5 kW), IDROMAR MC5 DX watermakers, ALFA LAVAL fuel separators, a HAMANN sewage treatment system, and BCS bow and stern thrusters. Navigation is managed through a Furuno NavNet suite, AIS Class A, SC-50 gyrocompass, TimeZero plotter, autopilot, and Inmarsat Fleet communications.

Toys and tenders include a Brig Eagle 8 tender, two Seadoo jet skis, two Seabob F5S units, SUP boards, wakeboards, water skis, and towable inflatables.

The **Maiora 39DP** **WHITE KNIGHT** combines proven build quality, modern systems, and superb comfort, making her a reliable, turn-key yacht ideal for both long-range cruising and luxury charter operations.
