SHIP HAPPENS

SHIP HAPPENS is a contemporary motor yacht built with a focus on reliability, functionality, and long-range cruising comfort.

Accommodation is designed for up to 10 guests across five cabins: a full-beam master suite on the main deck, two VIP cabins, and two guest cabins on the lower deck — each with its own en-suite bathroom. The crew quarters include three cabins (one for the captain) with two bathrooms and a separate day head for guests. The galley is fully equipped with Miele appliances, including an induction cooktop, oven, extractor hood, and dishwasher. Additional features include Liebherr refrigerator and freezer units, an ice maker, and a flybridge bar with sink and a second ice maker. The crew area also features a Miele minibar, as well as a washer and dryer.

The yacht is fitted with an advanced Furuno navigation suite ensuring precision, safety, and ease of handling. The main helm includes two 24-inch and two 19-inch Hatteland displays, integrated into a unified monitoring system for all onboard functions. Navigation equipment includes GPS, a 4-ft DRS 12A radar, depth sounder, weather station, speed and depth sensors, autopilot, AIS, VHF DSC Class A GMDSS, and a satellite compass. A secondary helm station on the flybridge with a 16-inch Furuno display and autopilot repeater provides excellent visibility and control for close-quarters maneuvering.

Comfort on board is maintained by a Condaria 180,000 BTU air conditioning system, complemented by an additional 18,000 BTU micro-chiller. For precise maneuverability, **SHIP HAPPENS** is equipped with electric bow and stern thrusters rated at 28 kW and 16 kW respectively. The yacht operates on a 380V, 50Hz three-phase power system, ensuring robust and stable performance.

For water activities, a Williams D505 tender powered by a Yanmar 110 hp engine provides fast and comfortable guest transfers.

SHIP HAPPENS is the ideal yacht for an owner who values engineering integrity, reliability, and refined comfort. Fully equipped and ready for immediate use, she is perfectly suited for both private cruising and charter operations.
