ALUMINIA TOO

ALUMINIA TOO, launched in 2024, represents the new generation of the **Azimut Grande 27M** series, combining advanced construction technologies, optimized seakeeping, and a highly functional layout. The interiors by Achille Salvagni reflect **Azimut's** signature approach to spatial design: fluid lines, thoughtful lighting, and the use of premium materials. The layout accommodates up to 10 guests in five cabins, including a full-beam master suite on the main deck, two VIP cabins, and two twin cabins on the lower deck.

The exterior areas of **ALUMINIA TOO** are designed for extended outdoor living. The spacious flybridge is equipped with a hardtop, a dining area, a bar, and multiple lounging spaces. The aft area features a beach club configuration with a fold-down platform, providing direct access to the water. On the foredeck, an additional relaxation area with sunpads and an optional shade system offers yet another comfortable outdoor retreat.

A key advantage of **ALUMINIA TOO** is her upgraded equipment package exceeding €1.2 million, which includes enhanced navigation systems, extended audio and video setups, full teak decking, underwater lighting, advanced docking assistance systems, a watermaker, upgraded domestic appliances, and various convenience-enhancing solutions.

ALUMINIA TOO is a fully loaded, meticulously specified yacht with minimal engine hours and immediate availability, offering an exceptional ownership opportunity in the 27M class.
