MOTOR YACHT

CLARITA

CLARITA is a 27-metre **Leopard**, created for those who value speed, easy handling, and comfort. Built in 2010 by **Cantiere Navale Arno** and owned by a single owner from launch, she is in excellent technical condition. The yacht undergoes regular RINA surveys, including inspections of the hull, machinery, and waterjets, confirming her full readiness for operation.

Her composite hull and waterjet propulsion deliver outstanding performance. Twin MTU 16V2000 M92 engines enable a top speed of 40 knots, with a comfortable cruising speed of around 25 knots. The shallow draft provides access to secluded bays and marinas with limited depth.

The layout accommodates seven guests in three cabins:

- a full-beam master suite with a walk-in wardrobe, lounge, and workspace,
- a VIP cabin,
- and a twin guest cabin with an additional berth.

The bright salon with two sofas creates a seamless flow between the interior and exterior living areas.

Outdoor spaces include a foredeck sunbathing area, an aft dining area, and a large swim platform. The electric-opening garage provides quick access to water toys, while the hardtop with a sliding section allows the deck space to adapt easily to changing weather conditions.

CLARITA combines speed, smart architecture, and a proven maintenance history - an excellent choice for an owner seeking a dynamic, reliable, and sporty open yacht.
