MOTOR YACHT

JOURNEY

JOURNEY is a **Sanlorenzo SL86**, a 26-metre yacht built in 2024 and powered by twin MAN V12 engines (2,000 hp each), delivering speeds exceeding 30 knots - ideal for fast passages between Mediterranean destinations.

Accommodation is designed for eight guests in four cabins on the lower deck: a full-beam master suite, a forward VIP cabin, and two guest cabins. The salon, dining area, and cockpit are arranged as a single flowing space, optimized for everyday living and hosting guests.

Exterior areas include a flybridge with lounge and dining spaces, a foredeck with sunpads, and an aft cockpit. The hull and superstructure are crafted in GRP, with teak decks, and the 1.85 m draft provides access to most marinas in the region. With a cruising speed of 22 knots and fuel capacity of 8,000 litres, **JOURNEY** is well suited for extended coastal routes while maintaining comfort, efficiency, and signature **Sanlorenzo** elegance.
