MOTOR YACHT PERSHING 16.51M 2027

FLAG -

MOTOR YACHT

5X

Pershing 5X is the most compact model in the **X Generation** - a 16.5-metre motor yacht designed for dynamic coastal cruising and precise handling. Powered by twin Volvo D11 engines with IPS drives, she reaches speeds of up to 36 knots and maintains a confident cruising speed of around 31 knots, with joystick control and the Easy Dock system simplifying manoeuvring in marinas.

The exterior follows **Pershing's** signature sporty architecture, with sliding doors that seamlessly connect the saloon and cockpit into a single open living space. A semi-submersible swim platform facilitates easy access to the water and tender operations, enhancing everyday practicality.

The lower deck accommodates four guests in two cabins: a full-beam master cabin amidships and a forward guest cabin, both with en-suite bathrooms. An optional crew cabin with bathroom can be specified. Interiors are finished in the distinctive **Pershing** style, with a focus on functionality, light-filled spaces, and high-quality materials.
