REEMA

REEMA is a contemporary **Pershing GTX70** delivered in 2026 and presented in near-new condition. The model combines **Pershing's** signature sporting character, impressive performance and innovative solutions designed around life on the water. A defining feature of the **GTX70** is its open-living concept. The spacious cockpit is designed for entertaining and relaxation, while the yacht's signature beach club with fold-down side terraces dramatically expands the usable space at water level. This creates a true waterfront lounge area for swimming, sunbathing and enjoying watersports.

Forward, a large sunbathing area and additional lounge seating provide further outdoor living space, while wide side decks ensure easy movement throughout the yacht. Every aspect of the exterior layout has been designed to maximise the use of available deck space and strengthen the connection with the sea.

The interior reflects a contemporary Italian aesthetic, featuring premium materials, clean lines and expansive glazing. Large panoramic windows flood the living areas with natural light, creating a bright and welcoming atmosphere throughout the yacht. Accommodation is arranged for up to 6 guests in 3 cabins, including a full-beam owner's suite, a VIP cabin and a twin guest cabin. Separate crew quarters accommodate up to 2 crew members.

REEMA is powered by triple Volvo Penta D13 IPS1350 engines with approximately 97 engine hours. This configuration delivers a cruising speed of 30 knots and a top speed of up to 37 knots. The IPS propulsion system enhances manoeuvrability, reduces vibration and allows intuitive joystick control for effortless handling. With minimal engine hours and the benefit of virtually full factory warranty coverage, **REEMA** represents a turnkey opportunity for an owner seeking a modern, high-performance yacht ready for immediate enjoyment without additional investment.
