MOTOR YACHT

HAZE

HAZE is a 26-meter motor yacht built by **Extra Yachts** in 2021, blending contemporary style, efficient performance, and award-winning interior design. Her sleek exterior was penned by Francesco Guida, while the refined interiors were crafted by Lawson Robb, with a focus on natural light, clean lines, and spatial fluidity. Expansive windows and a glazed salon ceiling create a strong visual connection to the sea, enhancing the sense of openness onboard.

Designed for relaxed cruising and entertaining, **HAZE** accommodates 8 guests in 4 well-appointed cabins, including a full-beam master suite, one VIP cabin, and two twin guest cabins. The crew area, separated for maximum privacy, includes 2 cabins for up to 4 crew. In 2021, **HAZE** was recognized with an interior design award for yachts under 40 meters, a testament to her exceptional style and layout.

Outdoor living is at the heart of the **HAZE** experience. A spacious beach club of approximately 50 sqm features a hydraulic swim platform, perfect for relaxing by the water. The flybridge offers sun loungers, a lounge area, and an exterior helm station. Solar panels integrated into the roof supplement onboard power, reflecting a commitment to energy efficiency.

Powered by twin Volvo Penta IPS 1350 engines, **HAZE** cruises comfortably at 12 knots, with a top speed of 21 knots and a range of up to 600 nautical miles. The shallow draft and balanced displacement contribute to her smooth performance, while the IPS system ensures easy handling and precise docking.

Whether for private use or charter, **HAZE** combines modern aesthetics, functionality, and sustainability — a distinctive and versatile yacht in the 26-meter segment.
